

Name : \_\_\_\_\_

## Area

DS3

Find the area of each circle. Round your answer to two decimal places. (use  $\pi = 3.14$ )

1)

Circumference = 86.66 ft

Area = \_\_\_\_\_

2)

Circumference = 62.74 yd

Circumference = 62.74 yd

3)

Circumference = 33.41 in

Area = \_\_\_\_\_

4)

Circumference = 45

Area = \_\_\_\_\_

Circumference = 16.62 ft

Area = \_\_\_\_\_
