- 1) Susan Hobart and her brother Tom had 120 Halloween candies. They divided them equally. How many candies did each child get?
- 2) Mrs. Hobart bought 120 Halloween candies. If 8 candies to each of the 15 children came home with them, how many candies did Mrs. Hobart have left?
- 3) The Hobarts decorated their yard for Halloween. Mr. Hobart spent a total of \$24 on the purchase of 8 mini ghost yard stakes. How much did each mini ghost yard stake cost?
- 4) The Hobart siblings invited their friends over for a Halloween party. A 10 pound monster cake was cut into 75 slices. If 25 children in all shared the cake equally, how many slices did each child get?
- 5) The Hobart brothers helped their mother pack 90 Halloween party favors in nine bags. How many party favors did each bag contain?
