

Name : _____

Closed Compound Words

A **closed compound word** consists of two words joined without any hyphen or space.

Example: The accomplishments of Helen Keller were extraordinary.

extra + ordinary = extraordinary

Underline the closed compound word in each sentence, and identify which two words have joined together to form it.

1) Nancy has invited me to her birthday party.

2) The new bookstore

3) Mrs. Kenny is proud

4) Mary will play basketball

5) Katy is looking for

6) Peter has built a castle

7) Alex and Carmen are classmates.

8) My father is my superhero.
