

Name : _____

Short A

Memory Game

Objective

Finding the most pairs of cards by matching the pictures to their short "a" names .

Things Needed

Download and print this set of 30 cards on cardstock.

Instruction

Two to four players.

The youngest player starts by turning over a card that has a short name.

How to Play

Mix up the cards.

Players take turns.

If a player flips over a card that matches the name of the turned-over card, they keep both cards.

If the turned-over card does not match, they put the cards back in place, picture/word-side-down.

The game continues until all cards have been matched and removed from the playing area. All players then count up their matching pairs.

The player with the most pairs of matching cards wins.
