

Interpreting Line Plot

Judy was teaching her students the nutritional value of vegetables. She quizzed them about their favorite vegetables. She made a line plot based on the data collected. Read the line plot and answer the questions below.

Favorite Vegetables

- 1) How many students like carrot? _____
- 2) Which is the most preferred vegetable? _____
- 3) How many students like bell pepper? _____
- 4) Which is the second-most preferred vegetable? _____
- 5) How many students were surveyed in total? _____
