

Name : _____

T2S5

Perimeter of a Rectangle

A) Find the perimeter of each rectangle for the given measurements.

1) length = 8.7 in, width = 3.1 in

Perimeter = _____

2) length = 78.1 yd, width = 67.3 yd

Perimeter = _____

3) width = 7.7 in, length = 16 in

4) width = 6.2 ft, length = 9.3 ft

Perimeter = _____

B) Find the perimeter

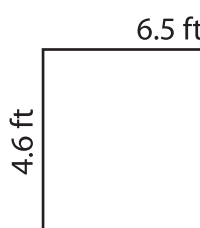

5)

23 yd

Perimeter = _____

7)

6.5 ft

4.6 ft

Perimeter = _____

47.6 ft

Perimeter = _____

9) Find the perimeter of the rectangle whose length is 63 yards and width is 54.5 yards.
