

Name : _____

T2S5

Perimeter of a Rectangle

A) Find the perimeter of each rectangle for the given measurements.

1) width = $1\frac{3}{7}$ in, length = $4\frac{1}{2}$ in

Perimeter = _____

2) width = $2\frac{5}{8}$ ft, length = $\frac{19}{2}$ ft

Perimeter = _____

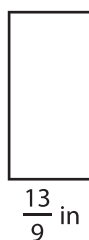

3) length = $\frac{17}{4}$ yd, width = $\frac{11}{3}$ yd

4) length = $\frac{8}{9}$ yd, width = $\frac{2}{9}$ yd

Perimeter = _____

B) Find the perimeter

5)

Perimeter = _____
