## Perimeter of a Rectangle

A) Find the perimeter of each rectangle for the given measurements.

1) width = 5 ft, length = 81.6 in

Perimeter = \_\_\_\_\_ in

2) length = 180 in, width = 1 yd

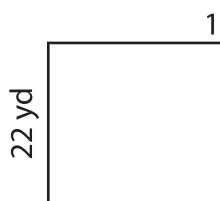

Perimeter = \_\_\_\_\_ yd

3) width = 4 yd, length = 29 ft

4) length = 64.7 yd, width = 82.5 ft

B) Find the perimeter

5)

Perimeter = \_\_\_\_\_

7)

Perimeter = \_\_\_\_\_ ft

Perimeter = \_\_\_\_\_ in

9) The length and the width of a rectangle are 16 feet and 84 inches respectively. Determine the perimeter of the rectangle.
