

Name : _____

Same vs Different

Sheet 3

Tick the picture from the right that is same as the picture from the left.

1)

A cartoon crab is shown on the left. On the right, there are three other sea creatures: a crab identical to the one on the left, a light blue jellyfish, and a purple and blue shrimp.

2)

A cartoon orange fish with green spots and fins is on the left. On the right is a green eel with pink spots and a pink tail. A large blue 'PREVIEW' watermark is centered over the page, with text below it: 'Gain complete access to the largest collection of worksheets in all subjects!', 'Members, please log in to download this worksheet.', 'Not a member? Please sign up to gain complete access.', and the website 'www.mathworksheets4kids.com'.

3)

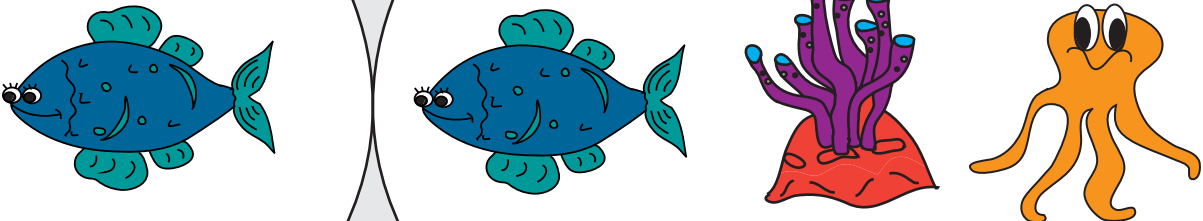

A cartoon green frog is shown on the left. On the right is another cartoon green frog, identical to the one on the left. A large blue 'PREVIEW' watermark is centered over the page, with text below it: 'Gain complete access to the largest collection of worksheets in all subjects!', 'Members, please log in to download this worksheet.', 'Not a member? Please sign up to gain complete access.', and the website 'www.mathworksheets4kids.com'.

4)

A cartoon blue dolphin is on the left. On the right is a purple fish with a long, thin snout. A large blue 'PREVIEW' watermark is centered over the page, with text below it: 'Gain complete access to the largest collection of worksheets in all subjects!', 'Members, please log in to download this worksheet.', 'Not a member? Please sign up to gain complete access.', and the website 'www.mathworksheets4kids.com'.

5)

A cartoon blue fish with green spots and fins is on the left. On the right, there are three other sea creatures: a blue fish identical to the one on the left, a purple coral on a red rock, and an orange octopus.
