

Name : _____

Subtraction - At the Beach

Sheet 1

1) The Bransons drove to the beach. Bianca built 12 sandcastles. She took away 6 sandcastles.

2) Bianca collects 57 seashells. In her car, she drops 20 seashells. How many seashells are left with?

3) Mr. Branson bought a beach umbrella that cost \$11. How much change did he get over a twenty-dollar bill?

4) Mrs. Branson packed 14 cans of soda in the picnic hamper. If the family has consumed 8 cans in all, how many cans of soda remain?

5) The Sandy Hook Lighthouse has a total of 108 steps. If Ben has covered 74 steps already, how many more steps does he need to climb to reach the top of the lighthouse?
