Name: _____

Volume - Prism

Find the volume of each shape.

1)
Area =
187 yd²

24 yd

Volume = _____

2)

Area =
441 in²

28 in

3)

15 ft

Area =
18 ft²

Volume = _____

4)

Area =
196 in²

14 in

Volume = _____

Area =
56 yd²

12 yd
Volume = _____

7)   The base area of a square _____ th is 27 yards.

_____

8)   The height of a triangular prism is 29 feet. If the base area is 130 square feet, what is its volume?

_____
